

UX Design is dead

Chris Compston

@ndxcc #UXDisdead

**Why are you
saying that!?**

@ndxcc

#UXDisdead

**This is my
perspective**

@ndxcc

#UXDisdead

**Someone tell me
what a UX
Designer does...**

@ndxcc

#UXDisdead

**If... we don't
know... how can
anyone else?**

**What are we
actually doing?**

@ndxcc

#UXDisdead

**Crossover with:
Product Owners
Analytics & Opt
Stakeholders**

@ndxcc

#UXDisdead

**“However, you’re
the expert...”**

@ndxcc

#UXDisdead

**Well no... our users
tell us what to do**

@ndxcc

#UXDisdead

**We just know how
to ask them**

@ndxcc

#UXDisdead

We are UX Designers

@ndxcc

#UXDisdead

Break it down:

**User Experience
Design**

@ndxcc

#UXDisdead

What is design?

@ndxcc

#UXDisdead

**Is this catchall
holding us back?**

@ndxcc

#UXDisdead

Look and feel!?

@ndxcc

#UXDisdead

Look and feel!?
Crayons!?

@ndxcc

#UXDisdead

Look and feel!?
Crayons!?
Make look pretty!?

@ndxcc

#UXDisdead

Look and feel!?
Crayons!?
Make look pretty!?
Jazz it up!?

Look and feel!?

Crayons!?

Make look pretty!?

Jazz it up!?

Create posters!?

**... is education
to blame?**

@ndxcc

#UXDisdead

**We need to
distance ourselves**

@ndxcc

#UXDisdead

What are we designing?

@ndxcc

#UXDisdead

What is the product?

@ndxcc

#UXDisdead

Responsive Web

Mobile App

Tablet App

**What is required
to build a product?**

@ndxcc

#UXDisdead
